

HYBRID H2 AIR WASHER Test Operation in Pet Shop

Clothes for Dog

User's Feedback

- ◆ We don't use any chemical. It's good to be able to eliminate bacteria by non-chemical in front of our customers! It is popular with customers ♪
- ◆ The operating cost is only for electricity and water, so you can use plenty of it ♪
- ◆ It's easy to use as it won't change the effect even if you put it in another spray bottle!
