

## Principle of cleansing and moisturizing.

### ※ What's nano particle bubble.

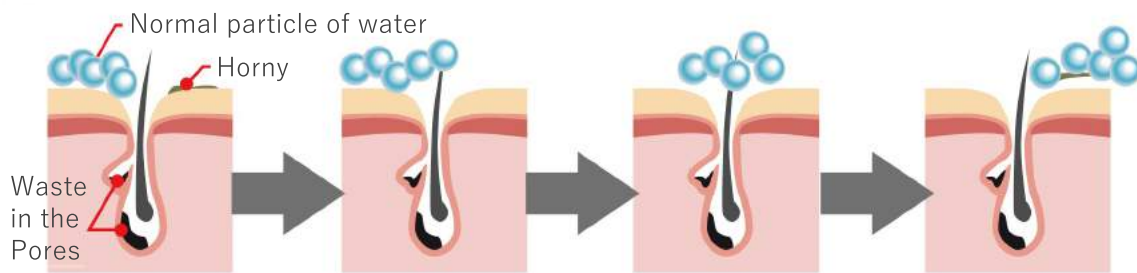

Nano bubbles are generally to decompose into nanoparticles with a bubble shape of 5 microns or less.

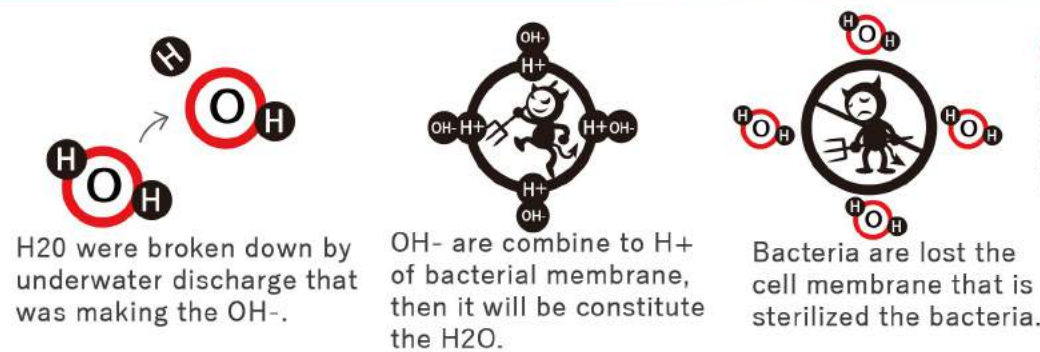

**Nano particle bubble** Nano particle bubble can be penetrate into deep skin that is smaller than pores.

**Normal particle of water** Normal particle of water is bigger than pores that couldn't penetrate into deep pores.

## Principle of sterilization

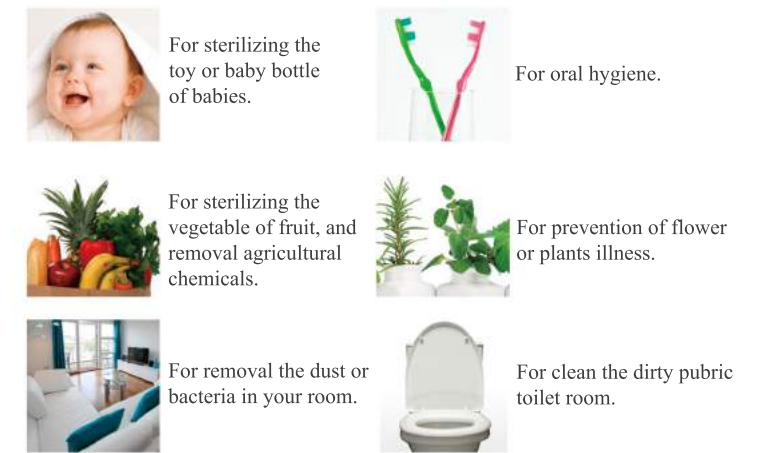

**Sterilization rate:99.9%**  
(MRSA, Trichophyton Rubrum, Stretococcus Mutans, Salmonella Typhimurium, Escherichia coli, etc...)  
**Safety**  
Harmless to human, drinkable  
No skin irritation

### Test result were tested by Japan food research laboratory.

Test sample	Early concentration	After 1min conc.	After 5min conc.	After 15min conc.	Reduction rate(%)
Eschericia Coli	8.7 × 10 <sup>4</sup>	<10 No detection	<10 No detection	<10 No detection	99.9%
SalmonellaTyphimurium	8.7 × 10 <sup>4</sup>	<10 No detection	<10 No detection	<10 No detection	99.9%
Staphilococcus Aureus	8.7 × 10 <sup>4</sup>	<10 No detection	<10 No detection	<10 No detection	99.9%
MRSA	8.7 × 10 <sup>4</sup>	<10 No detection	<10 No detection	<10 No detection	99.9%
Candida Albicans	8.7 × 10 <sup>4</sup>	<10 No detection	<10 No detection	<10 No detection	99.9%
Trichophyton Rubrum	8.7 × 10 <sup>4</sup>	<10 No detection	<10 No detection	<10 No detection	99.9%

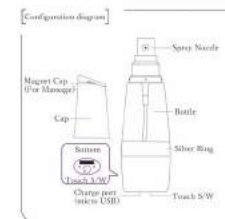

## Usage the HYBRID H2 DISPENSER

Removal of active oxygen by high concentration of hydrogen water.  
Use to your skincare or age spots, wrinkles at anytime, anywhere.  
Recommend to you the mist spray for dry hair or dry skin.  
Pets grooming is also recommend to you.

### How to use

- 1.-Pull out the Cap.-Turn the nozzle and remove.
- 2.-Water into bottle the about 80%.
- 3.-Please wait for 30 seconds to making hydrogen.  
(Blue LED lamp will be bright in Generating module)  
(Power will be tern off when making hydrogen finished)
- 4.-You can spray for your like places by push the nozzle.
- 5.-If Blue LED lamp flashed,please recharge the product.
- 6.-Please only use the accessory cable when you recharging.  
-Please use a charger whose output is 1 A or more.  
-Purple LED lamp will be bright when you charging.

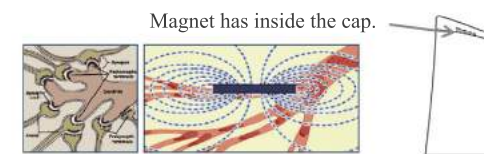

Cap on the magnet is use for magnetic massage that can be get enough effectively of relax by soft massage.

### Usage notes

- Please use only bottled water.
- Do not use as water containing a lot of foreign objects such assalt water or calcium-rich water may cause malfunction.
- The amount of water in the container should be within 80%.
- Do not generate hydrogen continuously without using the generated hydrogen water. It may cause failure due to pressure.
- The water produced by this product maintains sterilizing effect for 2 hours.
- When not using for a long time please remove the water inside the container completely.
- When water scale accumulates inside the container, please put diluted vinegar (vinegar 50%: water 50%) in the container and let it stand for 1 ~ 2 hours.Then shake well to wash, remove vinegar and rinse with clean water.
- Do not drop the product or apply shock.
- It is water resistant, but water submersion can cause damage.
- The battery can be used continuously more than 10 times when fully charged once.If the battery deteriorates over time and you wish to replace the battery, please consult with AS.

### Magnetic vibration

### Characteristic

- Strong sterilizing power of 99.9%
- Safety:No toxicity(No skin irritation)
- Convenience:Anytime and anywhere can be use by get clean water.
- Kindry for earth:Not use chemical, only use water.

### Specification

Product name	HYBRID H2 DISPENSER		
Weight	70g	Size	40*34*150(mm)
Power supply	DC3.7V	Bottle capacity	30ml
